DEFIANCE
CHAPTER
COUNTY
THE OHIO GENEALOGICAL SOCIETY

Published by the Defiance County Genealogy Society 2004

DEDICATION

This volume of the index to Defiance County, Ohio Death Records (located at the Defiance County Health Department) is dedicated to my parents Harold H. and Erma (Wheaton) Rulman, who were among the first members of the Defiance County Chapter of the Ohio Genealogical Society, when it was organized in 1977.

Lucy (Rulman) Weaver
Member of the Defiance County Chapter
Ohio Genealogical Society

FOREWORD

The material contained in this first published volume of Defiance County Death Records was taken directly from the index at the Defiance County Health Department and not directly from the death record itself. Mistakes may occur due to typing errors or misinterpretation of writing on older records when these were typed for the index. The local health departments in Ohio began keeping death and birth records on December 20, 1908. Records prior to this date are held at the county courthouses in the probate section. Also prior to 1950, township clerks were allowed to record births and deaths occurring in their townships, so you may see the name of that township next to the certificate number. From 1908 to 1969, the index contains only the surnames of the parents (with exception of records researched by this author.) After 1969, the entire name of the parents of the deceased is typed in the index. Please keep in mind that the index should only be used as a guide for locating the record. The record itself will contain much useful information such as the cause of death, informant's name, the date of birth of the deceased, and place of burial, for example. When requesting a copy of the certificate, write to the Registrar of Vital Statistics, Defiance County Health Department, 197 C Island Park Avenue, Defiance, Ohio 43512. The cost for a certified copy is $ 17.00 you can no longer get an uncertified copy. Be sure to include all data for that particular name from the index when writing. You can also visit their website www.defiancecohealth.org for more information. The publication of these records would not be possible, without the assistance of Helen Brown, the past Vital Statistics Registrar. Her cooperation made the records located at the Defiance County Health Department very accessible to genealogists, for which the Defiance County Chapter of the Ohio Genealogical Society is very grateful.
